

# HABITATION VELIER

The House of Pure Single Rums

## HAMPDEN HGML 2018 – 4 YEARS OLD Single Cask No. 137

Single Jamaican Rum – 63%, 750ml

Range

Habitation Velier is a project featuring exclusive bottlings made through partnerships with some of the best rum producers in the world. The range is focused on 100% pot still rum, entirely aged in the tropics without any sugar additives and bottled at high or full proof.

While Habitation Velier offerings are limited by nature, every so often a range of extremely limited Single Cask offerings are available. These single casks denote exceptional liquid as a timestamp of a place and moment.

Product description

Hampden HGML 2018 is a legendary formula and stands for Hampden George MacFarquhar Lawson, after a former owner of the distillery.

One of the eight Hampden Estate “marks,” HGML is very high in terms of ester content: 1000-1100 gr/hLPA after distillation and before aging. This single cask was distilled in 2018 and has been aged in ex-Bourbon cask for 4 years at the distillery in Trelawny, Jamaica.

This Single Cask has been bottled for the US Market “au naturel” at cask strength with no dilution, additives, sugar or artifice. Only 158 bottles were produced.

Tasting notes

**Profile:** Generous and intense.

**Nose:** Vibrant and savoury. Passion fruit, balm, lime blossom, cedar and candied apricot.

**Palate :** Deep and full-bodied. Fresh fig, sugar cane, caramel, lavender, mandarin and bitter chocolate.

**Finish:** Long and pure. Cardamom, acacia honey, cocoa, ginger and nutmeg.
