

HABITATION VELIER

The House of Pure Single Rums

HAMPDEN HGML 2018 – 4 YEARS OLD Single Cask No. 132

Single Jamaican Rum – 60%, 750ml

— Range

Habitation Velier is a project featuring exclusive bottlings made through partnerships with some of the best rum producers in the world. The range is focused on 100% pot still rum, entirely aged in the tropics without any sugar additives and bottled at high or full proof.

While Habitation Velier offerings are limited by nature, every so often a range of extremely limited Single Cask offerings are available. These single casks denote exceptional liquid as a timestamp of a place and moment.

— Product description

Hampden HGML 2018 is a legendary formula and stands for Hampden George MacFarquhar Lawson, after a former owner of the distillery.

One of the eight Hampden Estate “marks,” HGML is very high in terms of ester content: 1000-1100 gr/hLPA after distillation and before aging. This single cask was distilled in 2018 and has been aged in ex-Bourbon cask for 4 years at the distillery in Trelawny, Jamaica.

This Single Cask has been bottled for the US Market “au naturel” at cask strength with no dilution, additives, sugar or artifice. Only 139 bottles were produced.

— Tasting notes

Profile: Powerful and assertive.

Nose: Spicy and lively. Black peppercorn, grated nutmeg, vanilla bean and tar.

Palate: Rich and greedy. Ripe banana, raspberry vinegar, papaya, lavender and camphor.

Finish: Long and focused. Lemon, menthol and toasted caramel.
