

ARHUMATIC

ARHUMATIC Passiflora Edulis

Passion Fruit & Tahitian Vanilla

Rhum Arrangé – 29%, 700ml

— Range

With over ten years of experience in France's top produce markets, Clémence and Thierry Ogez have honed their knowledge of quality fresh fruits. ARHUMATIC started as the blending of rum and fruit for personal enjoyment and has led to a passionate business, now exported globally.

ARHUMATIC was founded in 2014 to create craft artisanal rum arrangé. Always seeking the best expression of authenticity, their collections evolve throughout the year with the selection of ingredients according to four integral criteria: Seasonality, Quality, Ripeness and Taste.

Each bottle is the result of long and demanding research. Many recipes are tried and tested until the perfect balance is struck, showing the best possible expression of ingredient and blending.

— Product description

No fruit evokes the richness of the tropics like the passion fruit. From one of nature's most visually stunning flowers brings forth the passion fruit – a purple-ish pod filled with tangy, sweet, aromatic pulp and seeds. ARHUMATIC's most popular maceration combines this incredible fruit with the warmth and depth of Tahitian vanilla bean.

To Enjoy

We recommend enjoying ARHUMATIC rum arrangé neat, over ice, with sparkling wine or water. A bottle of rum arrangé can be enjoyed as a convivial experience shared after dinner or as a complement to an afternoon with friends. ARHUMATIC can be refrigerated before serving, but to maintain the integrity of fruit it should not be stored in the refrigerator for long periods.
